

Quick-Wedge® SCREW-HOLDING Screwdrivers

14 Different Sizes Handle
Every Screwdriving Job!

**Hold - Start - Drive the Screw
AND THEY'RE UNCONDITIONALLY GUARANTEED**

- One screwdriver drives many sizes of screws • Shockproof, unbreakable Tenite II handle • Hollow-ground bit fits any slotted screw • Use instead of conventional screwdriver • Tough, durable spring steel blades. Positively will not mar screw slot • Fast, positive action — easy to use • No pressure wedge to wear out • Foolproof construction.
